**No Good Can  
Come From This**

I want to be your infection  
I want to be your rot  
I want to burrow deep inside  
To find out what I'm not

I want to live this contagious life  
I want to be your lie  
I want you to taste disease  
So this will justify

I need to be your infection  
I have to see you sick  
I want to touch impurity
